# INTO THE WILD

## An Immersive Virtual Adventure

Now On | Free

### Make a real-world difference

In this multi-award winning installation, make a real-world impact on nature as you go on a virtual adventure with Google's cutting-edge technology that transformed over 850 square metres of ArtScience Museum into a virtual rainforest. Make a pledge to WWF at the end of your journey and a real tree will be planted to restore rainforests in Rimbang Baling – home to many endangered animals in Sumatra, Indonesia. You will receive photos of the tree and can watch it grow on Google maps!

## ARTSCIENCE LATE

Every third Thursday evening each month, ArtScience Museum keeps its doors open until 10pm offering free performances, late exhibition viewings and special 1-for-1 entry to exhibitions from 7pm to 10pm.

### SEED

Thursday | 21 Mar | 8pm

T'ang Quartet, Mervin Wong (Theemptybluesky) and Open Score Project come together for an exciting electro-acoustic experiment at *ArtScience Late* as part of the performance season of Minimalism.

*Seed* features a curious juxtaposition of sonic worlds: viola, cello, pipa, morin khuur (horsehead fiddle), erhu, accordion and electronics. The performance project channels their musical languages into a synthesis of polycultural textures to spontaneous and unique results.

Free admission.

## ARTSCIENCE ON SCREEN

ArtScience on Screen explores the intersection between art and science using moving image, video and film. This rolling programme includes solo showcases, curated programmes, feature-length films, multi-screen presentations and creative documentaries, featuring filmmakers and artists from Singapore and beyond.

### A SENSE OF TIME

From 4 Mar

Organised in response to *Minimalism: Space. Light. Object.*, this programme of contemporary Asian cinema explores a distinctive narrative form, visual style and imagery devoted to slowness, duration and contemplation. Featuring the films of Hou Hsiao-Hsien, Hirokazu Kore-eda, Jia Zhangke, Tsai Ming-Liang and more.

Free admission.

### GLASS: A PORTRAIT OF PHILIP IN TWELVE PARTS

From 1 Apr

Our Minimalism season concludes with an intimate portrait of American composer Philip Glass, and with a nod to his canonical piece *Music in Twelve Parts*. Like his composition, the documentary profiles the ensemble of characters around Glass, and allows simple repetition and the daily routines to build to a point of impact and a tenderness in the portrait of the great man.

Listen to Philip Glass's two compositions; *Two Pages* and *Einstein on the Beach: Knee Play 1* in the Sound Room (Level 3) at *Minimalism: Space. Light. Object.*

Free admission.

## ARTSCIENCE IN

## FOCUS

*ArtScience in Focus* is a series of pop-up exhibitions and showcases featuring collaborations with education, art, science and technology partners.
